

Weed Control

Hawke's Bay Regional Council advises that agrichemical spraying for weed control will take place in the following rivers, drainage systems and Hawke's Bay cycle trails during the period 19th August 2019 - 30 June 2020. HBRC's approved operators will be carrying out the annual spray maintenance programme for flood protection purposes, subject to weather conditions. All chemicals used are approved by the Environmental Protection Agency (EPA) for use around waterways

Rivers & Streams - Heretaunga Plains
