Tel 06 835 9200, Fax 06 835 3601, Email: totalmobility@hbrc.govt.nz

SAFEGUARDING YOUR ENVIRONMENT + KAITIAKI TUKU IHO

+ WHAT IS THE TOTAL MOBILITY SCHEME?

The Total Mobility Scheme provides subsidised travel for Hawke's Bay residents who are unable to use public transport due to a significant, permanent impairment. It pays 50% of the cost of a taxi or passenger service vehicle fare (with a limited maximum) for those on the scheme. The scheme is administered by the Hawke's Bay Regional Council, and funded by both the Council and New Zealand Transport Agency.

+ HOW CAN I JOIN THE SCHEME?

If you have a permanent impairment which would prevent you from using a bus, you will need to be assessed to make sure you are genuinely in need of subsidised travel and that you meet the criteria of the scheme.

+ HOW DO I GET ASSESSED?

You should contact one of the organisations listed in this brochure and make an appointment to be assessed. The assessor will need to take a digital photo so an Identity card can be produced for use when travelling.

+ WHAT WILL IT COST ME?

The agency which assesses you may charge a small fee. However this will be recovered by the savings on your taxi and passenger service fares.

+ WHAT HAPPENS AFTER I'VE BEEN ASSESSED?

If your application meets the criteria for the Total Mobility Scheme, Hawke's Bay Regional Council will issue you with:

- + A book of vouchers or a smart card which entitles you to 50% discount on taxi and passenger service travel (some conditions apply).
- + The conditions of use for the vouchers including answers to many of the common questions people ask about the scheme.
- + A photo ID card or a smart card which you will need to keep safe and show to the driver each time you travel.

FOR AN ASSESSMENT PLEASE CONTACT ONE OF THE FOLLOWING ORGANISATIONS:
