I support the submission to alter the designation for the landfill to enable waste placement in Area B.

I have been involved with the earthworks and development of areas valley A and D and have seen no adverse effects in the last 30 years.

The Landfill is an asset to the Hawkes Bay community that provides a safe and economical means of disposing of local waste. If the rubbish had to be disposed of out of the area there would be a huge cost and a greater carbon footprint than extending the existing site.

It also provides steady employment to the current staff on the site.
