I support the resource consent for the construction and operation of a new area B within the existing Omarunui Landfill site. The Landfill is an asset to HB businesses. It provides a safe and suitable way for HB businesses to dispose of waste. If this consent wasn't to go through it

---

would have a negative impact on many businesses in the region who would then need to factor in higher costs to transport waste outside HB.

**I seek the following decision from the Hawke's Bay Regional Council:**

**\* Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought**

I support HDC and NCC who are seeking resource consents to operate in a new area B within the existing Oamaru Landfill site.
