Are you a trade competitor for the purposes of section 308B of the RMA 1991 \* No

IF YES: Are you directly affected by an effect of the proposed activity that adversely effects the environment and does not relate to, or the effects of trade competition \* Yes

\* I/We oppose the above application

My submission is: (you may attach submission detail to this form)

\* Include the reasons for your views

The Proposed Effluent Plan for Te Paerahi Beach/ Porangahau

What guarantee can the Council give that this plan will have no affect on our environment or our lifestyle living in Porangahau with effluent discharging so close to our river.

I believe the new proposed location for our effluent discharge on land is probably one of the worse locations you could get in Porangahau.

-Effluent run off into our river will happen seen its a sandy free draining soil type and in a short period of time will end up in our river again affecting Kaimoana and river health.

-The new boundary for your effluent discharge is at our popular recreational areas for fishing and boating/skiing with the golf course across the river.

The prevailing Westerly winds in the heat of summer will bring the stench of sewerage odor right across these areas and also driving or walking down the main road to the beach would be affected.

This would have a huge affect on our peoples day to day living.

I believe the discharge should be moved inland away from our river and people, A wetland treatment plant should be used.

I wish to be heard in support of my submission \* Yes
