

HAWKE'S BAY PROVIDER DAY: MAPS AND DATA

'Land Use Capability' map:

This map is available from the HBRC web site (under 'Our Services') or by going to: <https://hbmaps.hbrc.govt.nz/hbrcmaps/>

Note: Sometimes the widgets might not display or function properly i.e. when the widgets do not appear in the dark blue banner above. To correct this, resize the browser window (top right hand-side middle button).

This will force the widgets to be redrawn. Usually CTRL+F5 will also correct this. Performance of Hawke's Bay Maps is better in Chrome or Firefox browsers.

How to get Land Use Capability Information:

1. Either zoom to a location by using the scroll on the mouse or click on the plus and minus zoom buttons in the navigation panel. Alternatively, click into the search bar and type an address. To pan, click on the map and drag.

2. Once at an address or location click anywhere on the land parcel to display the parcel valuation and LUC data pop-up.
3. Click on 'Generate Report' to create and download a report that includes maps and tables with LUC classes and Fundamental Soils for the land selected.

Location: 324 WHAKAPIRAU RD, HASTINGS	
Valuation Id	0961013800
Legal Description	PT SEC 9 LOT 3 DP 22084 LOT 7 DP 25192 BLK III MARAERAKAHO SD - TOP ROCKY
Location	324 WHAKAPIRAU RD, HASTINGS
LUC One	
LUC Two	
LUC Three	0.08
LUC Four	13.78
LUC Five	35.83
Zoom to Generate Report	

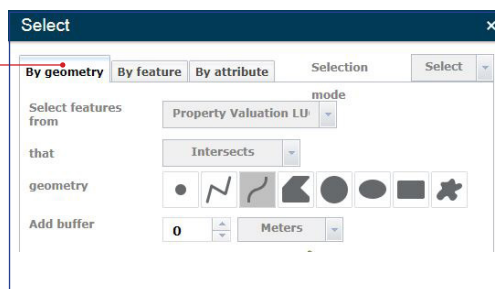

Showing data for multiple parcels

4. To download a spreadsheet that lists all LUC Classes and hectares for a selection of land parcels click on the 'Select' widget.

Switch Map Bookmarks **Select** Results Draw / Measure More

continued...

- Using the geometry tab, select features from 'Property Valuation LUC' that intersect your choice of geometry. Then draw on the map the properties to be included in selection. Then click 'Apply'.

- Hectares for each LUC class will then be displayed in the results panel – scroll across to see LUC classes and hectares for each.

o	LUC Three	LUC Four	LUC Five	LUC Six	LUC Seven	LUC E
	70.1347458 912422	349.530578 657179	...	213.784521 471963	0.02462792 82269722	...
	52.8237375 89485	...	21.4760144 868174	8.23678638 914804

- Click the xcel icon to download results into a spreadsheet. Generating a report from here will combine data from each parcel into one PDF.
