### Compliance with the other requirements of schedule 10

In our opinion, which is not an audit opinion, the Regional Council and group's annual report complies with the Other Requirements of schedule 10 that are applicable to the annual report.

Our audit was completed on 24 September 2014. This is the date at which our opinion is expressed.

The basis of our opinion is explained below. In addition, we outline the responsibilities of the Council and our responsibilities, and we explain our independence.

## Basis of opinion

We carried out our audit in accordance with the Auditor-General's Auditing Standards, which incorporate the International Standards on Auditing (New Zealand). Those standards require that we comply with ethical requirements and plan and carry out our audit to obtain reasonable assurance about whether the information we audited is free from material misstatement.

Material misstatements are differences or omissions of amounts and disclosures that, in our judgement, are likely to influence readers' overall understanding of the financial statements and statement of service performance for groups of activities. If we had found material misstatements that were not corrected, we would have referred to them in our opinion.

An audit involves carrying out procedures to obtain audit evidence about the amounts and disclosures in the information we audited. The procedures selected depend on our judgement, including our assessment of risks of material misstatement of the information we audited, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Regional Council and group's preparation of the information we audited that fairly reflect the matters to which they relate. We consider internal control in order to design procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Regional Council and group's internal control.

An audit also involves evaluating:

- the appropriateness of accounting policies used and whether they have been consistently applied;
- the reasonableness of the significant accounting estimates and judgements made by the Council;
- the adequacy of all disclosures in the information we audited;
- determining the appropriateness of the reported statement of service performance for groups of activities within the Council's framework for reporting performance; and
- the overall presentation of the information we audited.

We did not examine every transaction, nor do we guarantee complete accuracy of the information we audited.

When reporting on whether the annual report complies with the Other Requirements of schedule 10 of the Local Government Act 2002, our procedures were limited to making sure the information required by schedule 10 was included in the annual report, where relevant, and identifying material inconsistencies, if any, with the information we audited. This work was carried out in accordance with International Standard on Auditing (New Zealand) 720; The Auditor's Responsibilities Relating to Other Information in Documents Containing Audited Financial Statements. As a result we do not express an audit opinion on the Regional Council's compliance with the requirements of schedule 10.

We did not evaluate the security and controls over the electronic publication of the information we are required to audit and report on. We have obtained all the information and explanations we have required and we believe we have obtained sufficient and appropriate evidence to provide a basis for our opinion.

## Responsibilities of the Council
